
The Facial Aesthetic Designer adds Botox and Dermal Fillers

Contributed by PRLeap.com press release

The Facial Aesthetic Designer, Dr. John Heimke's goal is to help the patient achieve aesthetic cosmetic dental results that enhance Natural Beauty through the Smile and to utilize aesthetic injectables, Botox Cosmetic and Juvederm Ultra. It's inspiring to see how cosmetic dental enhancement can renew self-esteem, empowering patients in many other aspects of their lives," explains the doctor.

Moreover, the doctor not only strives to achieve aesthetic, beautiful results, he also likes to educate his patients in the process. When preparing teeth for veneers, "We prepare them in a method that is very detailed and individualized, according to each patient's specific needs," says Dr. Heimke. Besides Porcelain Veneers, additional services include Dental implants, Cosmetic Dentures, Botox and Dermal fillers, as well as Full Mouth Reconstruction. "I believe that cosmetic dentistry should look Natural," says Dr. Heimke "My results are extremely genuine.

Dr.Heimke can change a patients life in a few hours to few days and enhance facial features all with just the smile and aesthetic injectables.

Dr. Heimke is known for his exceptional talents in creating, amazing - Natural Smiles via Facial Aesthetic Design, (FAD).
